I. INTRODUCTION

➤ Marketplace Name
Rental E-commerce

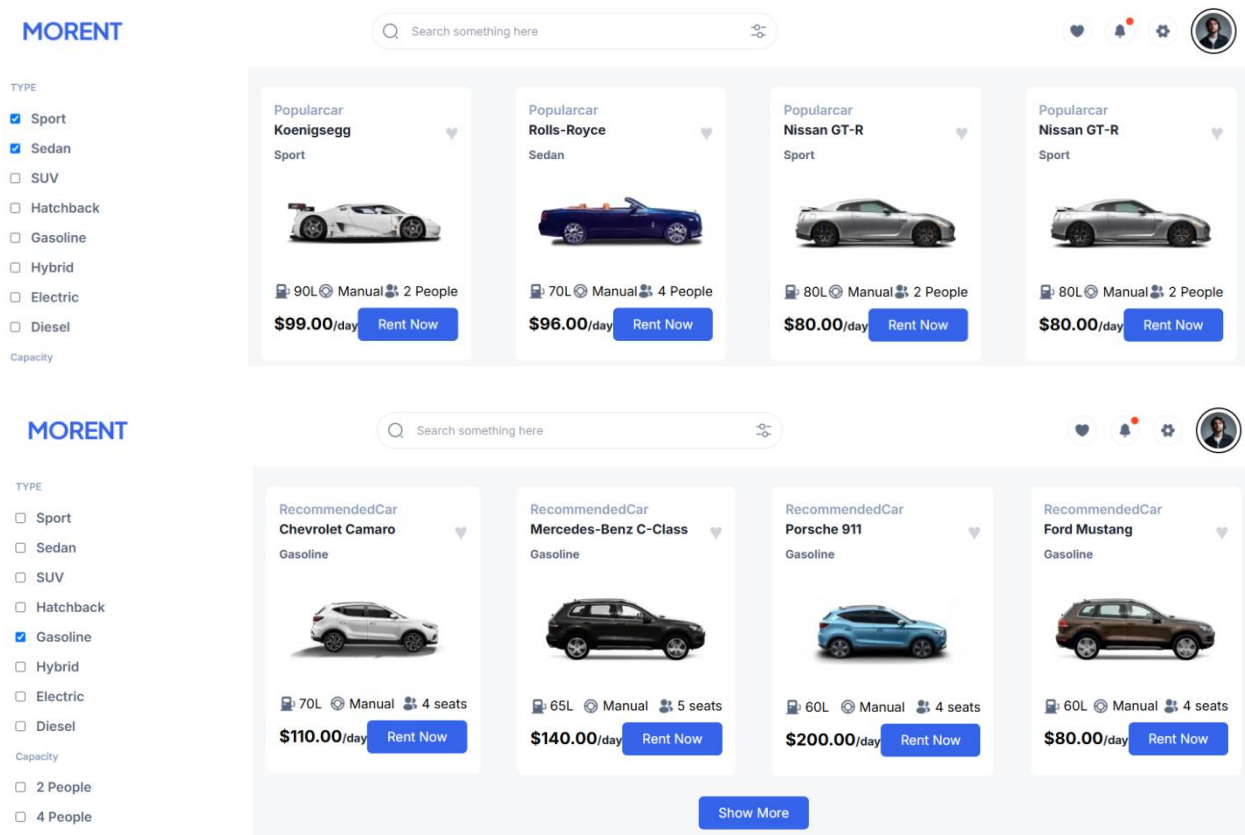

➤ Overview

Rental E-Commerce is an online system to manage and track rental cars. It shows details like car descriptions, condition, and daily price. Users can view available cars, check their features, and book a car for a specific date and time.

II. PROBLEM STATEMENT & OBJECTIVE

- Build a fast and responsive website with a user-friendly and attractive design.
- Make it easy for users to browse and book cars without confusion.
- Provide clear information to guide users through the booking process.
- Show high-quality car images with details like hourly rental rates, car type, key features, and available colors.
